POWERED BY SPECIALISTS

bticino

Global strength

built on local knowledge

Legrand is the global specialist in electrical and digital building infrastructures. Innovation is the driving force behind its development. With an increasing investment in research and development (circa 5% of sales) and more than 4,000 active patents, the Legrand Group is focused on maintaining a high rate of new product launches that present innovative solutions to the market.

CORPORATE SOCIAL RESPONSIBILITY

Legrand's 2014-2018 CSR roadmap is a natural extension to the governance and sustainable development approach in which the company has been engaged for many years. The CSR roadmap firmly asserts Legrand's ongoing commitment to sustainable development.

YOUR PROJECT

Bticino door entry systems can accommodate any type of project – they're easy to install whether you're working on a single house or an entire group of apartments. The ability to use existing cables also makes Bticino an ideal solution for refurbishment projects.

MAXIMUM PERFORMANCE

Exceptional audio and video performance and fast, simple installation can be achieved with two wire plug and play technology.

Furthest handset can be 600 metres away from the entrance panel

- Suitable for new build and refurbishment projects
- Provides safety and security for your client
- Available in kit format (single dwellings) up to complex systems for gated communities
- Easy to mix audio and video door entry within one system

A SYSTEM MAY INCLUDE UP TO:

- 3900 Apartments
- 5 Handsets per apartment
- 39 Risers with independent audio mode
- 96 Video entrance panels

IDEAL FOR ANY SIZED
PROJECT, INCLUDING
REFURBISHMENTS

The House

The Apartment

The Apartment Complex

Gated Communities

THE CONNECTED HOME

Two wire technology allows you to easily extend beyond a simple door entry system to offering home automation solutions to your client.

Working on the same backbone, Legrand's smart home systems are simple to install and are capable of simultaneously controlling lighting, heating, blinds and even multimedia distribution.

Find out more at www.legrand.co.uk

Simultaneous control of...

- lighting
- heating
- roller blinds
- multimedia distribution

As safe as houses

Sfera

UNMISTAKABLE STYLE

Sfera's modern, sleek design fits perfectly with modern residential and commercial developments.

FINISH

ALLWHITE
FINISH

ALLSTREET
FINISH

COUNTLESS COMBINATIONS

Whatever the requirements of your project, Sfera entrance panels offer the functionality you need. From basic audio door entry to wide angled cameras with night and day vision.

FLEXIBLE MOUNTING OPTIONS

Perfectly align multi-panel horizontal or vertical installations using back box spacers (supplied)

DOOR LOCK RELEASE FUNCTIONS

With keypad

With key card

Sfera ROBUR

EXTRA STRONG

Robust materials and optional flush mounting boxes provide increased safety and prevent removal of the device.

ROBUR VANDAL
RESISTANT

- High quality reinforced components
- IP54
- Up to IK10

WIDE ANGLE CAMERA

Wide field of view -
horizontal: 135°,
vertical: 96°

Easy to use for
wheelchair users

NIGHT AND DAY CAMERA

Sharp, perfect images even
in limited light conditions,
thanks to IR LEDs

INDUCTIVE LOOP AND CONTROL SPEECH SYNTHESIS

Suitable for use with hearing
aids (via T selector)

Easy to use for visually
impaired people thanks
to speech synthesis

Beauty

Classe 300

V13E light finish

V13E dark finish

The new range of video internal units with a wide touch screen display. Classe 300 has been conceived with modern living styles in mind and comes in two finishes - light and dark.

on the inside

SIMPLE, USER-FRIENDLY GRAPHIC INTERFACE

Drawing inspiration from the most advanced consumer electronic devices, Classe 300 allows the user to easily manage calls and messages thanks to its wide touch screen display.

The audio
solution with
handset.

MOUNTING OPTIONS

Classe 100 comes with a variety of installation options: surface or flush mounted to the wall; with adjustable tilt, or table top mounted.

WALL MOUNTED

FLUSH MOUNTED

WITH TILTING DISPLAY

TABLE TOP INSTALLATION

WITH HANDSET

Easy configuration & maintenance

Adjust the microphone volume, replace/update name plates, configure/update devices using software... all of this and more without removing the panel from the wall!

All operations, with the exception of any configuration performed using physical configurators, are possible without disassembling the installation.

Clips secure front covers to electronic modules

Mini-USB connection and loudspeaker/microphone volume adjustment

Supporting your project from start to finish

TRAINING & SUPPORT

Our specialist Bticino door entry team provides all the training and support you need to help you design and install two wire audio and video door entry systems...

- Visit www.legrand.co.uk/training for details on door entry training courses
- 24 hour turnaround on quotations

- **FREE design and programming software**
- **Full technical back-up support, including onsite engineers**
- **Approved stockists network throughout the UK and ROI**
- **For details of Bticino approved installers visit www.legrand.co.uk/approved-installers**

YOU DIAGRAM SOFTWARE

Design your two wire single and multi-dwelling door entry systems in You Diagram. This free software allows you to:

- Produce system diagrams
- Select / address entrance panels and cameras
- Visualise device configuration
- Check absorption levels on BUS system

Digital function modules are compatible with Sfera modular entrance panels

Pack	Cat. Nos.	Speaker modules
1	3510 00	Fitted with loudspeaker and microphone volume adjustment Manages up to 100 push button calls when using additional double row push button modules, see p. 13 and 15 Require surround plate, see p. 12 and 14 Basic speaker module For audio systems Device must be manually configured
1	3511 00	Speaker module For audio and video systems Preset for additional power supply Front LEDs display notification of operating status : • door lock release • communication active • put call through • system busy Integrated optic sensor provides backlight for night visibility Device can be configured either manually or via PC and TiSferaDesign software
1	3520 00	Push button modules Used with speaker modules, Cat. Nos. 3510 00/3511 00 and audio/video modules, Cat. Nos. 3512 00/3513 00 Connect using cable (supplied) Require surround plate, see p. 12 and 14
1	3521 00	4 push button module / single row 8 push button module / double row
1	3540 00	Accessory for push button modules Cable for connecting several push button modules

Pack	Cat. Nos.	Camera modules
1	3512 00	For colour video systems Colour camera with 1/3" sensor and white LEDs for illuminating the shooting field Mist prevention / heating resistance Fitted with loudspeaker and microphone volume adjustment Manage up to 98 push button calls using additional double row push button modules, see opposite Require surround plate, see p. 12 and 14 Preset for additional power supply Front LEDs display notification of operating status : • door lock release • communication active • put call through • system busy Integrated optic sensor provides backlight for night visibility Device can be configured either manually or via PC and TiSferaDesign software Audio / video module Horizontal and vertical camera position adjustment, +/- 10° in both directions
1	3513 00	Wide angle audio/video module For wide angle viewing Horizontal : 240 cm @ 50 cm Vertical : 115 cm @ 50 cm Does not require horizontal or vertical adjustment
1	3524 00	Night / day and wide angle camera module For colour video systems Fitted with 1/3" sensor with night and day function and automatic removal of the IR filter IR LED for illuminating the field of view Automatic brightness adjustment Connects to speaker module (Cat. No. 3511 00) using cable (supplied)

Digital function modules are compatible with Sfera modular entrance panels

Pack	Cat. Nos.	Miscellaneous modules
1	3522 00	Nameplate module Normally used for displaying house number or other notifications (e.g. legend for calls using digital push button panels, opening/closing times, etc.) Connect using cable (supplied) Backlight for night visibility controlled by speaker module (Cat. Nos. 3510 00/3511 00) or audio/video module (Cat. No. 3512 00) connected Requires surround plate, see p. 12 and 14
1	3525 00	Graphic display module Used with speaker module Cat. No. 3511 00 or with audio / video modules Cat. Nos. 3512 00/3513 00 Connect using cable (supplied) Can operate in two modes : call from address book, or digital call Stores up to 4 000 residents' names Using the keypad module Cat. No. 3530 00 allows : • direct calls to apartments by entering the corresponding number to the resident • digital calls by entering the numerical code Can be configured either manually or via PC and TiSferaDesign software Requires surround plate, see p. 12 and 14
1	3527 00	Inductive loop and control speech synthesis module Used with speaker module Cat. No. 3511 00 or with audio / video modules Cat. Nos. 3512 00/3513 00 Enables use by people wearing hearing aids (fitted with T selector) or blind people via voice message synthesis (call active, call ended, no answer, busy, door open) Connects to speaker module using cable (supplied) Can be configured either manually or via PC and TiSferaDesign software Requires surround plate, see p. 12 and 14

Pack	Cat. Nos.	Miscellaneous modules (continued)
1	3530 00	Keypad module For door lock release, or digital call to an apartment (with display module Cat. No. 3525 00) Fitted with relay with contacts and clamps for connecting to a local door lock release push button Numerical code can be programmed to open door lock using keypad, or using a PC, after downloading the module programming file Programming reset push button and LEDs for visual notification of access status LEDs provide backlight for night visibility Connected to other modules using cable (supplied) Device may also be used as stand alone unit, with independent power supply and operation Can be configured either manually or via PC and TiSferaDesign software Requires surround plate, see p. 12 and 14
1	3532 00	RFID reader module For door lock release via swiping badge Manages up to 20 000 badges Fitted with relay contacts and clamps for connection of a local door release push button Badges can be programmed from module itself, or using a PC after downloading the module programming file Programming reset push button and LEDs for visual notification of access status LEDs provide backlight for night visibility Connected to other modules using cable (supplied) Device may also be used as stand alone unit, with independent power supply and operation Can be configured either manually or via PC and TiSferaDesign software Requires surround plate, see p. 12 and 14 For Transponder keys, see p. 19

Pack	Cat. Nos.	Hands free video internal units (Classe 100)
1	3445 22	LEDs used for : call exclusion, door status, connection with the entrance panel 16 different ringtones available The device must be configured Classe 100V12E 2 wire hands free colour video internal unit with inductive loop, preset for different types of installations, depending on the accessories used : wall mounted, flush mounted, table mounted, with side-by-side handset, and tilted, both when wall mounted and when flush mounted 4.3" (16:9) colour LCD display Keys available : entrance panel/scrolling activation, door lock release, staircase lights control, hands free connection and 4 configurable keys Depending on the configurators connected to (M), the 4 configurable keys will perform different functions (e.g. Intercom, additional door lock activation, generic activations) Possibility of audio and ringtone volume adjustment (with call exclusion), as well as display colour, brightness, and contrast adjustment, using the appropriate rocker keys, after accessing the menu using the dedicated keys For wall mounted installation, the bracket supplied must be used For all other types of installation, the appropriate accessories must be purchased separately Classe 100V12B 2 wire hands free colour video internal unit for wall mounted or table top installation (with specific support to be purchased separately) 3.5" colour LCD display Keys available : entrance panel/scrolling activation, door lock release, staircase lights control and hands free connection Independent adjustment for : bell volume (with call exclusion), loudspeaker volume, brightness and colour of the display For wall mounted installation, the bracket supplied must be used

Pack	Cat. Nos.	Hands free audio internal unit (Classe 100)
1	3442 52	Classe 100A12B 2 wire hands free internal unit for wall mounted or table top installation (with specific support to be purchased separately) Keys available : entrance panel/scrolling activation, door lock release, staircase lights control and hands free connection LEDs used for : call exclusion, door status, connection with the entrance panel Independent adjustment for : bell volume (with call exclusion) and loudspeaker volume 16 different ringtones available For wall mounted installation, the bracket (supplied) must be used The device must be configured
1	3442 62	Audio handsets (Classe 100) LEDs used for : call exclusion, door status, connection with the entrance panel Bell volume adjustment (with call exclusion) using the appropriate selector 16 different ringtones available For wall mounted installation, the bracket supplied must be used The device must be configured Classe 100A12C 2 wire internal unit with handset for wall mounted or table top installation (with specific support to be purchased separately) Keys available : entrance panel/scrolling activation, door lock release and staircase lights control
1	3442 72	Classe 100A12M 2 wire internal unit with handset for wall mounted or table top installation (with specific support to be purchased separately) Keys available : auto-switching on / cycling, door lock release, staircase lights control and 4 configurable keys Depending on the configurators connected to (M), the 4 configurable keys will perform different functions (e.g. Intercom, additional door lock activation, generic activations)

1	3442 42	Audio handset (Sprint) Sprint With door lock push button Call volume can be set to 3 levels

Pack	Cat. Nos.	Accessories for Classe 100
1	3445 72	Flush mounted installation accessory For flush mounted installation of Classe 100V12E (Cat. No. 3445 22) and Classe 100X12B (Cat. No. 3446 02) video internal units Box and flush mounted bracket are supplied with the accessory
1	3445 62	Flush mounted installation tilting accessory For flush mounted tilted installation of Classe 100V12E (Cat. No. 3445 22) and Classe 100X12B (Cat. No. 3446 02) video internal units This mode of installation enables the user to tilt the video internal unit, adapting it to different viewing angles of the display (e.g. installing the devices at reduced heights for use by disabled people) Box and flush mounted floating bracket are supplied with the accessory
1	3445 92	Wall mounted installation tilting accessory For wall mounted tilted installation of Classe 100V12E (Cat. No. 3445 22) video internal unit This mode of installation enables the user to tilt the video internal unit, adapting it to different viewing angles of the display (e.g. installing the devices at reduced heights for use by disabled people) Wall mounted floating bracket is supplied with the accessory
1	3445 52	Accessories for table support and cable For table top installation of all Classe 100 internal units and video internal units
1	3368 03	8-way cable with connector for table top installation
1	3445 82	Handset accessory For wall mounted or table top installation with handset at the side (support to be purchased separately) for Classe 100V12E (Cat. No. 3445 22), and Classe 100X12B (Cat. No. 3446 02) video internal units With this type of installation, the device can be used to communicate in both ways : using the handset or in hands free mode Accessory includes the basic support for the housing and the wall mounting of the video internal unit and the integrated audio handset No. 2 supports 344552 are required for table top installation (to be purchased separately)

Pack	Cat. Nos.	Power supply units
1	3460 00	For audio or video installations – 8 DIN rail modules 1200 mA
1	3460 20	Compact unit for audio or video installations – 2 DIN rail modules 600 mA Suitable only to feed additional handsets or entrance panels
1	3460 30	Compact unit with video adaptor – 2 DIN rail modules 600 mA
Relays		
1	3462 10	Digital auxiliary/trades timer relay 2 DIN rail modules For trades function use time switches (see p. 24) and SLA configurator 0492 18
1	3462 30	Digital remote secure door lock relay 2 DIN rail modules
1	3462 50	Digital relay – NC/NO contact Can be added in entrance panel back box
1	3462 60	Digital timer relay With electro-magnetic locks management, temporised door opening and lock states signalling – 4 DIN rail modules
Video accessories		
1	3468 30	Video adaptor Use with power supply Cat. No. 3460 00 in video installations
1	F441	Audio/video node For mixing audio/video sources, max. 4 sources – 6 DIN rail modules Note : to be used as an alternative to video adaptor Cat. No. 3468 30
1	3468 41	Video floor distribution block 4 outputs
1	3474 00	Remote camera interface Input module for external camera
1	3468 70	Video amplifier For systems installed with non-twisted cables (100 m max.)
1	F442	Video TV interface
Interface with other systems		
1	3461 50	8 wire/2 wire interface 6 DIN rail modules
1	3494 10	Analogue/2 wire interface
1	3468 90	IP/2 wire interface 10 DIN rail modules

Pack	Cat. Nos.	Expansion interfaces
1	3468 50	Apartment interface Connects an independent video door entry system and Arteor home system application in the apartment with the apartment block riser The use of the internal installation within the apartment does not occupy the main block riser – 4 DIN rail modules
1	3468 51	Installation expansion module Allows increase in distance between entrance panel and handset, increase in number of devices installed, creation of risers with independent entrance panels – 4 DIN rail modules
Bell accessories		
1	3369 10	Additional bell
1	3468 33	Floor call input device for door bell
Other accessories		
1	3469 02	Connection cable For connection of push buttons within entrance panel
1	3469 03	Connector For entrance panels with more than 26 push buttons
1	3469 10	Bus cable 2 conductor cable (200 m coil)
Configurators		
1	0492 00	No. 0 (pack of 10)
1	0492 01	No. 1 (pack of 10)
1	0492 02	No. 2 (pack of 10)
1	0492 03	No. 3 (pack of 10)
1	0492 04	No. 4 (pack of 10)
1	0492 05	No. 5 (pack of 10)
1	0492 06	No. 6 (pack of 10)
1	0492 07	No. 7 (pack of 10)
1	0492 08	No. 8 (pack of 10)
1	0492 09	No. 9 (pack of 10)
1	0492 18	SLA (pack of 10)
1	0492 10	GEN (pack of 10)
1	3060 64	Configurator kit – 10 internal units
1	3060 65	Configurator kit – 20 internal units
1	0261 45	Configurator site kit consists of : – 10 pcs for 0 to 9 – 2 blue extractable connectors with 8 terminals – 2 green extractable connectors with 2 terminals – 1 tweezers – 1 plastic screwdriver

Dimensions and technical information p. 37

Pack	Cat. Nos.	MaxiRex
		Conform to EN 60730-1 and EN 60730-2-7 Supply voltage : 230 V~ ±10% 3 position changeover switch With manual override Voltage free contacts Mounting options : - can be surface mounted - can be panel mounted using Cat. No. 0498 32 - can be clipped to DIN rail using Cat. No. 0044 09 With 72 x 72 mm display to DIN EN 60715 Part C 24 hour programme Programmable for 30 minutes minimum at 10 minute intervals Accuracy : ±5 minutes per day MaxiRex T 0497 50 Without working reserve – 50 Hz MaxiRex QT 0497 54 With 100 hr working reserve – 50/60 Hz 7 day programme Programmable for 3 hours minimum at 1 hour intervals Accuracy : ±30 minutes per day

Pack	Cat. Nos.	Fixing accessories
5	0498 32	Clip-on support frame for panel mounting
5	0044 09	DIN rail adaptor

Pack	Cat. Nos.	EconoRex MT
1	0499 83	Conforms to EN 60730-1 and EN 60730-2-7 Supply voltage : 230 V~ 50 Hz Mounting options : - can be surface mounted using Cat. No. 0495 94 - can be panel mounted EconoRex MT BTAP without working reserve 20 A output Shortest switching step : 20 minutes Switching accuracy : ± 5 minutes

Pack	Cat. Nos.	Fixing accessory
1	0495 94	Support frame for surface mounting

For other time switches refer to the industrial and power protection catalogue visit www.legrand.co.uk

Pack	Cat. Nos.	IP interface
1	5740 39	For extended systems with IP backbone and 2 wire support - 10 DIN rail modules
1	5740 43	Virtual switchboard software For managing entryphone and video entryphone calls The software (for Windows operating systems) can be installed on any fixed or mobile PC and is used to receive, manage and transfer calls from inside and outside Offers home video control with cyclical CCTV vision, day and night functions and the ability to display the alarms present in the various apartments - Operating systems supported : Microsoft Windows XP Service Pack 2 and Windows Vista - Software required : NET Framework 2.0 or later

IP - the future of door entry

Combining the latest IP technology with Bticino's 2 wire range creates systems with outstanding capabilities...

- Up to 10,000 apartments
- Up to 1,000 entrance panels

Bticino door entry kits

NEW

with memory, wide angle camera and door lock release key card

3657 11

Pack Cat. Nos. Classe 300V13M - Linea 2000 metal hands free colour kit with door lock release key cards

		Video internal units have video door entry answering machine with call audio/video memory and Inductive Loop function (to enable use by people wearing hearing aids fitted with T selector). They have capacity keys for the control of the main video door entry functions : door lock release, hands free connection, entrance panel/scrolling activation and Favorite key (can be configured to activate the quick actions most frequently used - eg : staircase lights control, Intercom, additional activations) Access to adjustments and functions using the touch display with graphic interface Wall mounted installation of the devices Table top installation of the video internal units with specific support (Cat. No. 3446 32) to be purchased separately Push button panel has a protection index against mechanical impact IK10 and protection index IP54
1	3657 11	One way hands free kit Consisting of : Classe 300V13M light finish video internal unit with 7" colour Touch Screen LCD display, Linea 2000 metal push button panel with wide angle colour camera and proximity reader and a kit of coloured key cards and two door lock release chips
1	3657 21	Two way hands free kit Consisting of : Classe 300V13M light finish video internal units with 7" colour Touch Screen LCD display, Linea 2000 metal push button panel with wide angle colour camera and proximity reader and two kits of coloured key cards and door lock release chips

COMPOSITION	3657 11	3657 21
3430 21 Linea 2000 metal push button panel with wide angle camera and proximity reader - 1 call	1	—

3668 11

Pack	Cat. Nos.	Sprint L2 - Linea 2000 audio
1	3668 11	Audio handset has a door lock release push button and a push button that can be configured for auxiliary functions (staircase light switching on, entrance panel activation, call to the switchboard) Devices suitable for wall mounted installation One way audio kit Consisting of : audio handset Sprint L2 and Linea 2000 push button panel
1	3668 21	Two way audio kit Consisting of : audio handset Sprint L2 and Linea 2000 push button panel

8216 30

8216 31

8210 87

Pack	Cat. Nos.	Code lock keypad kit (IP 67)
1	8216 30	Vandal resistant with blue back lit keys 2 relays Users : up to 100 Finish : polished cast aluminium Voltage : 12-48 V DC, 12-24 V AC Current : 80 mA Dimensions : 110 x 75 x 15 mm Code lock keypad GALEO
1	8216 31 ¹	Standalone proximity reader (IP 53) Self-contained proximity reader/controller Programmed via a master code, the unit has LED and audible indication, with exit button input and timed relay output Accepts a remote read head for higher security Users : up to 500 Finish : ABS Voltage : 12 V AC / DC Current : 80 mA Dimensions : 135 x 76 x 20 mm Standalone reader (Promi500)
1	8210 86 ¹	Modular proximity kit (Sfera) Kit comprises : - door controller - Sfera modular panel mounting reader - power supply unit - 10 proximity key fobs Reader uses LED and audible indication, exit button input and timed relay output Standalone 2 door controller kit for up to 500 users with 2 programmable relay outlets and 2 exit button inputs
1	8210 87	Additional equipment Proximity key fobs Grey proximity key fobs (pack of 10) Additional mushroom head reader (IP 67) Small profile reader suitable for external use To be used with standalone reader Cat. No. 8216 31 or in conjunction with access control kit Cat. No. 8210 86 to replace Sfera modular reader or to control a second door Can be mounted in vandal resistant panels Cat. Nos. 3337 14/15 and 3339 14/15 (p. 18) Can be installed up to 50 metres from the controller Finish : High impact ABS Dimensions : 42 mm head, 25 mm body diameter Operating temperature : -20 to +50° C Mushroom head reader
1	8210 83	

1 : The kit can be used as a standalone proximity system or, alternatively, integrated into a Bticino audio/video entrance panel
For full details of additional equipment and finishes, please contact technical support

Bticino access control (continued)

8216 32

8216 35

0380 23

Pack	Cat. Nos.	Locks and accessories
------	-----------	-----------------------

		Surface magnetic locks High quality, surface mount, electromagnetic lock with innovative blue visual end cap Holding force of 300 kg Finish : aluminium Voltage : 12–24 V DC Current : 630 mA/315 mA Dimensions : 253 x 46 x 27 mm Operating temperture : –20 to +50° C
1	8216 32	Surface magnetic lock 300 kg (FAS 300)
1	8210 79	Surface magnetic lock kit - 300 kg (including PSU, Z and L brackets and NC relay)
		Flush magnetic lock Mortice mount electromagnetic lock with a holding force of 300 kg Ideal for locking sliding doors and windows Finish : aluminium Voltage : 12–24 V DC Current : 630 mA at 12 V DC 313 mA at 24 V DC Dimensions : 229 x 38 x 27 mm Operating temperture : –20 to +50° C
1	8216 33	Flush magnetic lock 300 kg (FES 300)
		Latch hammer locks Mortice latch hammer 12 V DC Rim latch hammer 12 V DC
1	8206 48	Mortice latch hammer 12 V DC
1	8206 50	Rim latch hammer 12 V DC
		Z and L bracket For use with Cat. Nos. 8216 32/33 For universal mounting
1	8216 34	Z and L kit for 300 series (P 300)
		Power supply unit For magnetic locks DC power supply for powering up to 2.0 A at 12 V DC and 2.0 A at 24 V DC These units have charging circuits for standby batteries, and are supplied in metal cases with LED indication
1	8216 35	12 V DC, 2.0 A standard (PSU 122)

Pack	Cat. Nos.	Break glass unit for emergency exit
------	-----------	-------------------------------------

		IP 40 - IK07 Green Surface mounting Dimensions : 90 x 90 x 57 mm Call by pressing the membrane (pressure 2.5 kg) with clear display of the call position Reset on front of device, with special key (supplied) Space reserved to stick a function using identification label Equipped with NO/NC contact 5 A-24 V~ / 1 A-48 V~

Bticino digital function modules

for Sfera modular entrance panels

■ Dimensions and technical data

Basic speaker module

Cat. No. 3510 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption	15 mA
Max. operating absorption	65 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

Speaker module

Cat. No. 3511 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	10 mA
Standby absorption (with backlighting LEDs on)	15 mA
Max. operating absorption	65 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

Audio / video module

Cat. No. 35112 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	15 mA
Standby absorption (with backlighting LEDs on)	20 mA
Max. operating absorption	140 mA
Colour sensor	1/3"
Lens	f2.5 f3.3 mm
Resolution	330 TV lines
Illumination of the veiwing field	White LED
Brightness adjustment	Automatic
Interface	2 :1
Mist prevention heating resistance	
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

■ Dimensions and technical data (continued)

Wide angle audio / video module

Cat. No. 3513 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	15 mA
Standby absorption (with backlighting LEDs on)	20 mA
Max. operating absorption	140 mA
Colour sensor	1/3"
Lens	f2.5 f3.1-8 mm
Resolution	330 TV lines
Illumination of the veiwing field	White LED
Brightness adjustment	Automatic
Interface	2 :1
Mist prevention heating resistance	
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

4 push button module / single column

Cat. No. 3520 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	1 mA
Standby absorption (with backlighting LEDs on)	7 mA
Max. operating absorption	7 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

8 push button module / double column

Cat. No. 3521 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	1 mA
Standby absorption (with backlighting LEDs on)	7 mA
Max. operating absorption	7 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

Bticino digital function modules

for Sfera modular entrance panels (continued)

■ Dimensions and technical data

Nameplate module

Cat. No. 3522 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	0 mA
Standby absorption (with backlighting LEDs on)	6 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

Night / day and wide angle camera module

Cat. No. 3524 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption	20 mA
Max. operating absorption	115 mA
Colour sensor	1/3"
Lens	f2-5 f31-8 mm
Resolution	330 TV lines
Illumination of the viewing field	LED IR
Brightness adjustment	Automatic
Interface	2 :1
H and D function with automatic IR filter removal	
Mist prevention heating resistance	
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

Graphic display module

Cat. No. 3525 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption	40 mA
Max. operating absorption	50 mA
Display type	Negative transreflective
FSTN	
Display resolution	160 x 240
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

■ Dimensions and technical data (continued)

Inductive loop and control speech synthesis module

Cat. No. 3527 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption	18 mA
Max. operating absorption	60 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

Keypad module

Cat. No. 3530 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	10 mA
Standby absorption (with backlighting LEDs on)	25 mA
Max. operating absorption	45 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

RIFD reader module

Cat. No. 3532 00

Technical data	
Power supply from SCS BUS	18-27 Vdc
Standby absorption (with backlighting LEDs off)	75 mA
Standby absorption (with backlighting LEDs on)	85 mA
Max. operating absorption	105 mA
Operating temperature	(-25)-(+70)°C
Protection Index (push button panel assembled)	IP 54

3339 14	150	284	4
3339 15	150	401.5	4

Vandal resistant – push button (LINEA 2000 metal)

Colour video

Cat. Nos. 3429 91/92

Technical data

Power supply from SCS BUS:	18-27 Vdc
Standby absorption:	20 mA
Max. operating absorption:	240 mA
Operating temperature:	(-25)-(+70)°C
PI against mechanical impact	IK 07

Black and white video

Cat. Nos. 3429 81/82

Technical data

Power supply from SCS BUS:	18-27 Vdc
Standby absorption:	30 mA
Max. operating absorption:	270 mA
Operating temperature:	(-25)-(+70)°C
PI against mechanical impact	IK 07

Audio

Cat. Nos. 3429 71/72

Technical data

Power supply from SCS BUS:	18-27 Vdc
Standby absorption :	30 mA
Max. operating absorption:	65 mA
Operating temperature:	(-25)-(+70)°C
PI against mechanical impact	IK 07

With motorised camera and push buttons

Cat. No. 349140

Flush mounted box

Technical data

Power supply from SCS BUS:	18-27 Vdc
Standby absorption:	220 mA
Max. operating absorption:	420 mA
Operating temperature:	(-25)-(+70)°C
Connections:	2-wire SCS BUS Ethernet 10/100 Mbit/sec
Protection Index	IP 54
PI against mechanical impact	IK 07

Electric module

Steel surround plate + frame
Protrusion from the wall:
11 mm

Brass surround plate + frame
Protrusion from the wall:
13.5 mm
